

Autumn League Match Secretary Report 2022 Season

It was a baptism of fire trying to understand the League Planner portal but with thanks for the help of Rob and Jeanette, I think it went well.

I tried to get into a system of emailing club contacts ahead of having to apply the rules and it worked in the main. I did confirm quite a few matches but understand how easy it can be for losing captains to remember to do so.

I don't envy Jeanette trying to manage the process with starred players so I urge you all to do your bit to make it manageable for her. Remember it is one result for you but dozens for her.

Anyway thanks to all club contacts and captains for your help.

Best wishes

Tim
