

The major factor of the S & D Tournaments 2023 as the wet weather on the scheduled Finals Day.

Thanks for the effort and support of all players, all semi finals had been completed by the Wednesday preceding Finals Day!

However due to wet weather Finals Day had to be postponed at 7.30am on the scheduled Finals Day of Sunday 23rd July 2023. I made the decision to reschedule the Finals Day to Sunday 13th August 2023.

Naturally this wasn't suitable for all, and therefore due to injuries, holidays, work commitments and the like, Finals Day started on Tuesday 8th August and was completed on Saturday 4th November 2023!

On a positive note, 2023 we had 59 adult entries and 2 junior entries, this compared to 46 adults and no juniors in 2022, and 55 adults and 4 juniors in 2021 when I started looking after these tournaments.

Hopefully there will be more entries in 2024, as far as I'm concerned, the more entries the better.

Finally, thanks to all the players who entered, without the players, I would have no tournaments to run and from the feedback that I get, everyone seems to enjoy the tournaments and the format.
