

Team Tournament Report 2024

I am guilty of failing to keep notes so will have to rely on my memory.

The draws were made and I seem to recall these were difficult to upload onto League Planner. Certainly the Spartans was an old fashioned traditional draw sheet I kept updated.

I don't recall any major grievances but as is traditional, the more successful clubs do struggle with court time. However, we managed to get through with only 4 defaults in the Christiana Hartley, Trinity, Joseph Lord and 3 in the College Cup

I was please with the engagement from clubs on player eligibility. I authorised quite a few ahead of matches and that is a trend I am sure my successor will appreciate.

Again, constant updating and reminders of dates I believe helped a lot and thanks to all clubs for their co-operation.

Best wishes
